

The Medical Technology Leadership Forum
Invites You to Attend its

3rd Annual Capitol Forum

**“The Search for Quality and Value
in Health Care: Implications for
Medical Technology”**

February 11th & 12th, 2004

Capitol Hill
Washington, DC

Deadline for Registration is January 16, 2004

The Search for Quality and Value in Health Care:

Implications for Medical Technology Policy

In the last decade, there has been increasing interest in improving quality in health care services and finding value for dollars spent. Federal policy makers have been actively promoting policies to accomplish these goals. The MTLF 2004 Capitol Forum will include a cross section of healthcare leaders to provide their perspectives on these issues and to explore the implications for medical technology policy.

If you have questions about this program, contact the MTLF business office at 651-962-4635.

Event Registration

To register for the 2004 Capitol Forum visit the events and activities page of the MTLF web site www.mtlf.org

Conference Hotel Information

For the convenience of our members, the Medical Technology Leadership Forum has reserved a limited block of rooms at the Washington Court Hotel, located on Capitol Hill near Rayburn House Office Building.

Hotel Information

The Washington Court is located on the Senate side of Capitol Hill and is approximately a 10 minute walk from Rayburn House Office Building, where the Capitol Forum event will take place.

Hotel Address/Contact Information

The Washington Court Hotel
